### Death of Silas M. Hamman.

S. M. Hamman died at his home in this city Thursday, Feb. 21st of pneumonia after only a few days illness. Burial at Stanton Saturday, funeral services first being conducted at the Stanton Christian church, of which Bro. Hamman was a member, by Eld. Thos. Adams, of Lexington. Deceased was 86 years old, and leaves a wife and ten children. Five of his children are now living in Indiana, and three of them, George Hamman, Charlie Hamman, and Mrs. John Shearer, of Indiana, attended the funeral. Four of his children living in Kentucky were sick and unable to attend the funeral.

### The Canning Factory.

The canning factory at Stanton is about completed. This plant will be of great benefit to the business of Stanton and the farmers around the town. Clay City took this canning factory business up several weeks ago, and at one time it looked like we would sure get a factory, but suddenly the matter was dropped and it died. We congratulate Stanton on her enterprise and wish for her the success which the hustler deserves.

### After Delinquent Taxpayers.

Marshal A. P. Johnson will next week advertise a lot of city property for sale for taxes. If you are owing tax and wish to evade the payment of cost and penalty, you had better pay the amount of tax you owe the city by next Monday for sure if you don't your property will be advertised next week, and sold. You can now keep from paying the cost and penalty, but you can't keep from paying you tax. You must pay them now or later.

### Kentucky vs. Indian Territory.

A Lincoln county man last Spring became infatuated with the rapturous stories of the West, teeming with prosperity and undeveloped wealth, disposed of his Kentucky interests and located in Indian Territory.

There he purchased a farm and cultivated it to find that its powers of production were about half as prolific as the soil of Kentucky and that the markets are much inferior. In fact, the same grade of corn that is now selling in Kentucky at 60 cents per bushel, is a drag on the Indian Territory market at half that amount—30c. So this now wiser Kentuckian contends that one acre of good land in this State is worth four in the West, and he has the figures on it and figures won't lie.

### Increase of Pensions.

Many of the old war veterans are benefitted by the recent pension bill which has become a law. By this it means that at the next draw day all soldiers of the Mexican and Civil wars between 60 and 70 years will receive no less pension than \$12 per month; soldiers between 70 and 75, \$15 per month; soldiers over 75, \$20 per month.

We know of but three survivors of the Mexican war, Elder N. McIntosh, Spout Spring, J. W. Jones, Union Hall, and W. M. Bellis, of this city. All of these are of course now on the pension rolls, but they have been getting a very inadequate sum.

Have you got enough orchard? Better write H. F. Hillenmeyer & Sons, Lexington, for their new catalogue and plant an acre more in fruit this Spring. Our land is better adapted to fruit than anything else, besides it is so much more profitable than other crops we are now growing, one acre of fruit sometimes yielding as much profit as ten acres in corn.

### Household Goods For Sale.

At my residence in Clay City I will sell privately the following articles: One Steel Range, Large Lawn Swing, Beds and Bedding, Rocking Chairs, Chairs, Tables, Carpets and etc.

J. A. WEBB.

Col. E. C. Park, a veteran newspaper man, of Irvine, spent several days in Clay City the past week. Col. Park is now writing life and accident policies in one of the best companies in America.

A full line of cakes, candies and fruits at Anderson's Grocery.

Monday is county court day at Stanton when the Sheriff will sell a lot of land and property for tax. Under a new law a deed can be obtained in two years to real estate. This will make bidding on tax land more liberal, and be the cause of many more sales being consummated.

Ex-Sheriff T. B. Ware, of Vir-den, was in the city Tuesday. Mr. Ware has just returned from Marshfield, Ind. where he had gone to visit his brother, Killis Ware, who was down with a severe case of pneumonia, but who has since grown much better. Mr. Ware also visited friends in Gibson City, Ill.

J. B. Eaton has a change in his ad this week. Read it and be sure and visit this store.

A. E. Wilson, of Louisville, one of the leading Republicans of the State, is highly spoken of as the Republican nominee for Governor. Mr. Wilson is a good man, says some. This may be true, but he is not good enough to beat S. W. Hager for Governor.

Mrs. Susie Allen, of Lexington, who is seriously afflicted with rheumatism, finds no relief except in riding on electric street cars. She has purchased a lifetime pass and makes extensive trips over the city twice daily for the sole purpose of getting the benefit of the electric ride.

For a delicious breakfast food, get a package of Elijah's Manna at the new grocery 5 and 15 cents.

The ground hog knew his business.

## TAX SALE.

By virtue of Tax warrants in my hands for taxes due the State of Kentucky and county of Powell, I or one of my deputies will on Monday, the 4th Day of MARCH, 1907, at the Court House door in Stanton, Ky. sell to the highest and best bidder for Cash to satisfy taxes for the year 1906, the property set opposite each person's name, or so much thereof as will satisfy said taxes, penalty interest and costs.

### Many Attractions.

As the time for the opening of the Greater Louisville Exposition draws near, the interest in that great event in this and all other sections of the State of Kentucky, as well as throughout the South, is greatly increasing. The visitors to Louisville will return home and give expressions of deep interest in the exposition and pride in the enterprise and public spirit of the exposition officials working so hard in the interest of their state and city without prospect or wish for any pecuniary gain.

Showing what pride they take in their city's great enterprise, the merchants and manufacturers of Louisville have covered their envelopes and stationery almost over with advertising matter concerning the exposition. and the title, "Greater Louisville Exposition," seems to appear in the most unexpected quarters at the most unexpected time. Louisville "drummers" who visit here let no one escape, and, if for no other reason, the people of Kentucky will be bound to go to Louisville between March 18 and 30 to see what has been so widely heralded. This will be a matter of easy accomplishment, because the railroads of Kentucky have announced a rate of one fare for the round trip, with three selling dates each week, the tickets good returning until April 1. Besides these splendid rates, many single-day excursions will be run, and it is said by the railroad officials composing the Southeastern Passenger Association, that the rates for these excursions will be the best ever offered for a similar enterprise.

### THE SICK.

P. H. Hamman, is recovering from a severe attack of pneumonia.

Judge W. T. Adams is confined to his room with a severe attack of lagrippe.

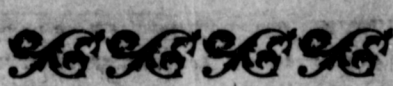

A. R. Goosey continues at a very low stage and the end seems to be but a few days off at least.
